## Many hands make the load lighter

The Lord has truly blessed Lutheran High School in many different ways over the past forty years. One of those special ways is through the number of wonderful volunteers that have served in every capacity known and unknown to us. We are blessed to have so many giving people who donate their time and talents at our school. It is the reason that we can do all of the events that we host throughout the year.

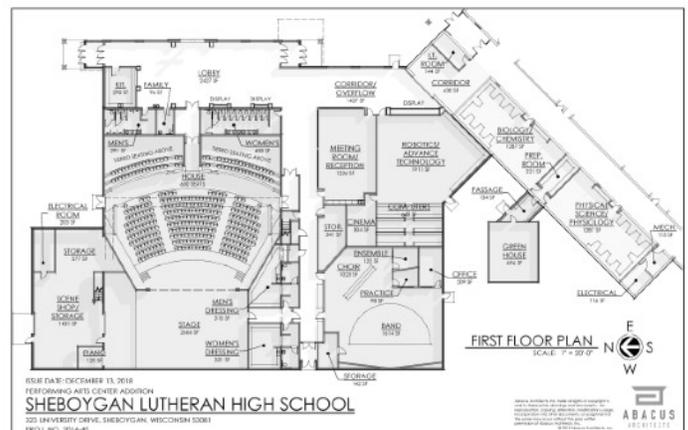

As we gear up for the start of the new addition and the remodel of our science rooms, we will need many volunteers to help make this project a success. As we interviewed the construction management teams, we discussed how we could use volunteer help to keep costs as low as possible. The safety of our volunteers was at the top of both of our list as we discussed ways to incorporate our Lutheran High family.

Think about how you might be able to serve and be a part of the construction team. There are many areas that you may have never thought of that we can use help with. Communicating the things that need to be done in the upcoming weeks is very important. We need caller/recruiters to make the calls to inform everyone what is needed. A coordinator of volunteers' labor will be essential to our success. Hospitality people are needed. Coffee and snacks help make everyone's day go a little smoother. Some celebration dinners at different milestones might include grilling a few brats and cutting a few hard rolls. Tour guides for

special days, workers for an open house during and after construction.

Perhaps you are a retired electrician, painter or construction worker. We could use your help this summer! There are many daily tasks that need many hands to make the load lighter. I could go on and on about all the things we will need. For now, I ask you to pray how God might use you and your family in this project and use your God-given abilities and gifts to serve and make this project a family affair.

As our public campaign gets underway, the Board of Directors is asking that everyone join us in prayer, sacrifice and promotion of this campaign. We need your prayers. We need your physical help. We need this great news to be shared, so everyone knows LHS is ***Preparing Christian Leaders — One Student at a Time*** and *Preparing for the Future!*
